

Inviting an experienced Project Architect to join our thriving team!

Join us as we cultivate relationships, design inspiring places and enrich communities.

BOUDREAU is looking for individuals to lead energetic teams through the design and construction of stimulating projects. We are seeking an engaging, design focused licensed architect with 5 to 7 years of experience. Revit and technical detailing skills are essential along with the ability to quickly and intuitively explore design options. Strong communication skills and a collaborative spirit are a must along with an architectural degree and professional registration.

BOUDREAU has a distinguished history in education, faith based, workplace, and local government projects. We promote design thinking, research and exploration in everything we do. Our team enjoys designing in a recently rehabbed historic studio a block from Columbia's vibrant Main Street.

Please submit your resume, design portfolio and references for consideration to our President, Heather Mitchell, at jointheteam@boudreauxgroup.com.
